

SpaceMouse Plus

Premium Motion Controller

A full featured
programmable
3D motion
controller for
design & animation
professionals

Increased Productivity & Comfort for the Most Demanding Users

The SpaceMouse Plus is a high performance motion controller proven to enhance productivity and comfort for users of demanding 3D software applications. With 11 programmable buttons, you can keep functions and macros right at your fingertips. Demand the best tools for the job and grab onto the power of your software with both hands.

Two Handed Power

Operating together with a traditional mouse, the SpaceMouse Plus delivers a more efficient and balanced way to work. Simultaneously pan, zoom or rotate 3D models, scenes or cameras with the controller in one hand, while the other hand selects, inspects or edits with the mouse. More than 250,000 designers and animators worldwide enjoy the benefits of 3Dconnexion's proven two-handed work style with over 100 software applications.

Less Time & Less Discomfort

Eliminate tedious and repetitive steps that put unnecessary stress on your mouse hand. Users of 3Dconnexion motion controllers report up to a 30% increase in productivity and as little as half the repetitive mouse movement. The response from users has been consistent: once you start using the SpaceMouse Plus, you can't live without it.

Key Features

- Optical/nonwearing measuring system
- 11 programmable buttons for quick function access
- Full Plug-and-Play capability (USB only)
- Supports 100+ applications including premier 3D CAD/CAM/CAE, DCC and Productivity packages

SpaceMouse® Plus

100+ Applications Supported

Solutions for CAD/CAM/CAE Professionals

- AutoCAD®
- Autodesk Inventor®
- ANSYS®
- CATIA®
- EdgeCAM®
- I-deas®
- Pro/ENGINEER®
- Unigraphics®
- Solid Edge®
- SolidWorks®

Solutions for Digital Content Creation Professionals

- 3ds max®
- BodyPaint 3D®
- Cinema 4D®
- Maya®
- MOTIONBUILDER™
- Presenter 3D™
- Rhino®
- StudioTools®
- SOFTIMAGE|XSI®

Productivity Tools*

- Adobe® Acrobat
- Adobe® Photoshop
- Internet Explorer
- Microsoft Office 2000 & later (Word, Excel, Outlook, PowerPoint)
- Microsoft Outlook Express®
- Microsoft® Project 2000 & 2002
- Windows Explorer

* Productivity applications supported by USB controller only.

Visit www.3Dconnexion.com for current listing of all supported applications.

Specifications

Motion Controller	Advanced 6 degrees-of-freedom optical sensor
Device Sensitivity	Adjustable to preference
Buttons	11 Programmable
Interface type	Serial or USB
Connector	D-sub 9 pin or USB
Weight	1.5 lb (0.68 kg)
Dimensions	(LxWxH) 7.4" x 4.72" x 1.73" (188x 120x 44mm)
Warranty	3 years
EMC & safety standards	FCC, CE, CTICK, TUV, UL/CSA

System Requirements

- Intel Pentium® 4/III/II/Celeron™ or AMD-K6®/Athlon™ processor based system
- 20 Megabytes free disk space for driver and plug-in installation (CD-ROM device required)
- USB 1.1 or greater (USB only)

Operating Systems Supported

Serial

- Unix for SGI, HP, SUN & IBM
- Linux
- Windows NT, 2000 & XP

USB

- Windows 2000 & XP
- Mac OS X
- LINUX
