

# SpaceTraveler™

Small size. Big performance.

A compact high performance 3D motion controller for design and animation professionals

## A Portable Powerhouse

SpaceTraveler gives you the benefits of a 3Dconnexion motion controller in a breakthrough package. The compact unit fits easily into a briefcase or computer bag and its small size makes it ideal for desktop work environments with limited space. Get proven performance at just a fraction of the size.

## Two Handed Power

SpaceTraveler comes bundled with a Logitech MouseMan Traveler mouse and is the perfect space saving solution for the designer or animator who prefers a more efficient two-handed work style. Simultaneously pan, zoom and rotate 3D models or scenes with the controller in one hand while the other hand selects, inspects or edits with the mouse.

## Less Time & Less Discomfort

Two input devices equals one powerful work style. Users of 3Dconnexion motion controllers report up to a 30% increase in productivity and as little as 50% the repetitive mouse movement. 8 illuminated programmable buttons put even more convenience at your fingertips. 3Dconnexion's two-handed work style is enjoyed by 250,000 designers and animators worldwide and is now available in an advanced ultra-compact design.

## Key Features

- Optical/nonwearing measuring system
- 8 illuminated programmable buttons
- Durable stainless steel construction
- Supports 100+ applications including premier 3D CAD/CAM/CAE, DCC and Productivity packages

# SpaceTraveler™

## 100+ Applications Supported

### Solutions for CAD/CAM/CAE Professionals

- AutoCAD®
- Autodesk Inventor®
- ANSYS®
- CATIA®
- EdgeCAM®
- I-deas®
- Pro/ENGINEER®
- Unigraphics®
- Solid Edge®
- SolidWorks®

### Solutions for Digital Content Creation Professionals

- 3ds max®
- BodyPaint 3D®
- Cinema 4D®
- Maya®
- MOTIONBUILDER™
- Presenter 3D™
- Rhino®
- StudioTools®
- SOFTIMAGE|XSI®

### Productivity Tools

- Adobe® Acrobat
- Adobe® Photoshop
- Internet Explorer
- Microsoft Office 2000 & later (Word, Excel, Outlook, PowerPoint)
- Microsoft Outlook Express®
- Microsoft® Project 2000 & 2002
- Windows Explorer

Visit [www.3Dconnexion.com](http://www.3Dconnexion.com) for current listing of all supported applications.

## Specifications

|                                   |   |
|-----------------------------------|---|
| <b>Motion Controller</b>          | Advanced 6 degrees-of-freedom optical sensor    |
| <b>Device Sensitivity</b>         | Adjustable to preference                        |
| <b>Buttons</b>                    | 8 Programmable buttons                          |
| <b>Interface type</b>             | USB   |
| <b>Weight</b>                     | 0.51 lb (0.23 kg)                               |
| <b>Dimensions</b>                 | 1.8" x 1.7" (Diameter x Height)<br>(46x46x43mm) |
| <b>Warranty</b>                   | 3 years   |
| <b>EMC &amp; safety standards</b> | FCC, CE, VCCI, MIC, PCT, BSMI, TUV, UL/CSA      |

## System Requirements

- Intel Pentium® 4/III/II/Celeron™ or AMD-K6®/Athlon™ processor based system
- 20 Megabytes free disk space for driver and plug-in installation (CD-ROM device required)
- USB 1.1 or greater (USB only)

## Operating Systems Supported

- Windows 2000 & XP
- Mac OS X
- LINUX
